# #SmilesAcrossMiles

*Social distancing does not mean we are alone.*

At NMDDPC, we are helping people who feel isolated or lonely by connecting them with other people, especially with people living in nursing homes, group homes, and places where people are separated from their families and friends.

Let's tell each other about our lives! Do you have a story to tell? What are you doing differently during social distancing? What are your best ideas and favorite activities?

Here's what you can do:

- Write a letter
- Make an art project
- Record a video

LOOKING FOR

# VOLUNTEERS

## *Help Out Your Local Food Banks*

The demand for food in our state has increased substantially.

Widespread layoffs triggered by COVID-19 have led to an unprecedented number of New Mexicans turning to food banks. As the demand grows, food banks are receiving fewer donations. Food banks help vulnerable communities including the elderly, disabled, low income and unemployed. Most regular volunteers are senior citizens who are at high risk of contracting COVID-19.

*Thank you for helping those in need during this difficult time.

## Important Information for SSI Recipients with dependent children age 16 or younger from the Disability Coalition

**SSI recipients who have dependent children age 16 or younger need to act by next Tuesday, May 5, to request the \$500 per child CARES Act rebate payment for them and get it right away.** If that applies to you, go to <https://protect-us.mimecast.com/s/VBAEC1wnZmFn3vBpiL9mV7?domain=irs.gov> and click on the link “Non-Filers: Enter Payment Info Here” (scroll down to find the blue box that says “Enter your information” or, to get the form in Spanish, click on “Ingrese su informacion”). This will take you to Free File Fillable Forms, where you’ll create an account and follow the instructions to enter information. The IRS is imposing very short deadlines to get the kids’ rebates right away, along with your own \$1,200/adult payment, and has announced that **those who don’t meet the deadlines will have to wait until next year and file a return to get the children’s payments.**

---

## An Important Message from Ellen Pinnes and the Disability Coalition about Payments from CARES Act

**Good news! People who get Supplemental Security Income (SSI) benefits will get their \$1,200 pandemic response payments automatically and won't have to file a special tax return or take any other action to get them. The only SSI recipients who need to take action are those who have dependent children under age 17, so they can get the additional \$500 per child payment for the kids. See later in this message for how to submit that information to the IRS.**

Background: The CARES Act that Congress passed last month to address the economic disruption caused by the corona virus pandemic calls for **\$1,200 payments for adults and \$500 for children under age 17**, to help them through the tough economic times we're experiencing. These payments will be made as refundable tax rebates, which means they'll be sent out by the IRS and **people are eligible for the full amount even if they don't owe any taxes.**

Initially, the IRS was going to make the payments right away only to people who file annual tax returns and had provided direct deposit information for the 2018 or 2019 tax years. Everybody else would have had to file a special return with the IRS to get the payment. Under fire for creating a barrier for low-income Social Security recipients, the Trump administration announced it would use the information IRS gets through 1099 forms for people who get Social Security retirement or disability benefits to make payments to them. Unfortunately, that still didn't help people who get SSI or veterans' benefits and don't need to file tax returns, because they don't get 1099 forms. The Disability Coalition, along with other local and national advocates and New Mexico's Congressional delegation, pushed for the IRS and Social Security to match the information they have on these individuals and make direct payments to them as well without filing a tax return. **SSA and IRS have now agreed to this, so if you get SSI, you don't have to do anything; the \$1,200 rebate will be sent to you automatically.** Those payments are expected to go out by early May.

The only SSI recipients who **should** file with the IRS, if they haven't already, are those who have dependent children age 16 or younger and want to get the \$500 per child rebate for them as well. If that applies to you, you should go to <https://protect-us.mimecast.com/s/JIUdCpYqAOfQXmI2sPqly8?domain=irs.gov> and click on the link "Non-Filers: Enter Payment Info Here" (look for the blue box in the middle of the page). This will take you to Free File Fillable Forms, where you'll create an account and follow the instructions to enter information.

**It's important to note that the rebate payment does not count as income in determining eligibility for benefits programs like SSI, and it won't be counted as a resource for twelve months. So getting it won't cause people to lose their benefits.**

When we make the voice of the disability community heard, we can make good things happen!
